

## Africa International Soft Commodities 2009

Conference and Showcase

30 April 2009 London, UK

Kensington Conference and Events Centre

The Africa International Soft Commodities and Finance 2009 event, held in London at the Prestigious Kensington and Chelsea Conference Centre on April 30, was a great success. Experts from the agricultural and financial sectors gave informative and stimulating presentations and this niche event provided an excellent networking opportunity.

The Conference Chair Lamon Rutten, CEO ACE Group (Switzerland) animated different working sessions throughout the day and was interviewed by CNBC Africa as part of the promotion of the event.

Preparations are already underway to expand this event next year as the global economic climate improves and the business opportunities in the soft commodities sector emerge.

For more information on the programme and presentations please contact Colins Tchanga at 00 44 208 605 05 09 or by email [info@cubicglobe.com](mailto:info@cubicglobe.com)

We look forward to seeing you at the next edition in the summer of 2010.
